

Call for Proposals

NUMEV

Flagship Projects

Deadline for submission 31/05/2021

The LabEx NUMEV intends to select its two **new Flagship Projects** (for the period 2021-2024) with strong potential in terms of research, training, valorization and outreach.

The projects must aim to structure the scientific community within the scope of NUMEV, and to promote this collaboration at the regional, national and international levels. There must be a clear and structured partnership with researchers in the environmental and/or life sciences. International collaborations are also encouraged.

Total funding for this call is approximately 0.6 M€.

Timeline

Call opening: **15/02/2021**
